Data Science & Business Analytics Internship

@ SPARK FOUNDATION

NAME: SANNIDHYA DAS

BATCH: GRIPNOVEMBER23

TASK 3: EXPLORATORY DATA ANALYSIS - RETAIL STORE

Introduction :

Hello everyone, my name is Sannidhya Das. I am currently pursuing my M.Sc degree in Statistics. I completed my task on Data Science and business analytics. I completed the task 3 EDA on the Retail store.

So I was given a dataset of a superstore and I had to evaluate the weak areas and business problems using the same. In this project, I used R programming to analyze

The data and I gave some conclusions based on my analysis report.

So further wasting any time let's get started …….
